

Sail 2010

KeyDM offers packages for the SAIL 2010 Event

From Thursday the 19th until Monday the 23rd of August the harbour of Amsterdam will be the scene of one of the biggest nautical events of the world: **SAIL 2010**.

During this public event, which is organized every five years, the harbour will be filled with authentic tall ships, modern yachts, marine ships and other Dutch sailing heritage. KeyDM is proud to offer clients a spot in this event because we exclusively arranged to sail the tall ship “**The Twister**” during this event. The ship has room for approximately 50 guests and both midday as evening trips are available. Michelin star chef Ron Blaauw will take care of the catering concept during the sailing trip. The experience of not only looking at all the ships, but actually being right in the middle of it will definitely be a “once in a life time moment” for your incentive groups.

KeyDM offers packages including private hire of the boat, crew, luxurious catering and drinks, car parking at the harbour and boarding procedure .

The boat is available on the 21st or 22nd of August 2010:

Saturday August 21st afternoon package 12.00 – 17.00 hrs

Sunday August 22nd afternoon package 12.00 – 17.00 hrs

Sunday August 22nd evening package 19.00 – 24.00 hrs

Of course it is possible to make a whole weekend programme for your group and extend the packages with accommodation, transfers, excursions, VIP treatment, music or other entertainment on the boat or the quay, pre of after party...
